

#### **JOHN TOMLINSON**

John Tomlinson, author of Honest Money <http://www.honest-money.com/> spoke at a Nassau Institute Discussion Group meeting on Wednesday, May 18, 2011 and offered an interesting perspective on how to turn the Bahamian Dollar into one of the world's strongest currencies. The subject of his presentation was how to protect the Bahamian currency from the next world banking collapse and to make it safe for future generations.

Mr. Tomlinson, is a former stock broker with Thomson and McKinnon and a merchant banker with Ord-BT in Sydney, Australia, used to run Union Dock here in Nassau. His family have been resident here in The Bahamas since 1963.

Join us for an interesting presentation and perspective from:

## **John Tomlinson**

on the topic

### **"Why Only Better In The Bahamas? Why Not BEST In The Bahamas?"**

on

**Wednesday, November 16, 2011  
6:30pm**

at

**The British Colonial Hilton  
Downtown Nassau**

#### **Here is what you will learn:**

- A reminder of how to remove all risk and moral hazard from our banking system and make it the safest in the world.
- Show us how the changes necessary to the Bahamian banking system will also provide the opportunity for Bahamian banks to provide equity investments to businesses opening the way to reduce debts and build an increased asset base for future generations.
- Third, the subject Mr. Tomlinson promised to return to in his last talk, the responsibilities we must each accept if we wish to ensure that an open and free market is developed and maintained here in the Bahamas.

**Admission: \$60 per person  
Three-course Meal  
Cash Bar. Valet available  
Early 6pm Cocktail Reception.**
